₄ ANY BUSINESS ELECTIVE – 6 HOURS MINIMUM REQUIRED. Students may apply these business electives toward a second major by fulfilling the associated major's requirements.

NOTES:

- 2.000 cumulative gpa is required in all Marquette University courses and a 2.500 gpa in business courses
- A grade of C or higher must be earned in each major course including the core course(s) introducing the major – ACCO 1030/ACCO 1031
- One international business course is required (within or outside your major)
- Students can double fulfill one course across two majors when possible. This double fulfillment does not change the minimum credit requirement to graduate and requires a student to take an additional upper division business elective course.
- Students can choose to major in more than ACCO. Doing so will require additional coursework above the required number of credits a student needs to graduate.
