

# Determining your Marquette Core Curriculum

## Discovery Tier Theme, WRIT and ESSV2 Courses

### Online Resources:

### [Changes to Courses in the Marquette Core Curriculum](#)

Always verify current course designations in the [Marquette University Undergraduate Bulletin](#). Course designations (Discovery Tier, WRIT, ESSV2) are subject to change.

### Your graduation checklist looks like this:

**MCC Engaging Social Systems & Values 2 - ESSV2 Requirement - Verify** (Ref. #60)  
**Not Satisfied** A total of 1 course (1-3 credits/units) is needed. This requirement verifies that the ESSV2 has been met, but allows the course to fulfill other requirements.

Term	Subject	Nbr	Course Title	Grade	Credit

**MCC Writing Intensive Requirement - WRIT - Verify** (Ref. #61)  
**Not Satisfied** A total of 1 course (2-4 credits/units) is needed. This requirement verifies that the WRIT has been met, but allows the course to fulfill other requirements.

Term	Subject	Nbr	Course Title	Grade	Credits	Type

**Discovery Tier Not Declared**  
**Not Satisfied** A total of 12 credits/units are required as part of the Discovery Tier. Students must determine and declare which Discovery Tier to complete by end of sophomore year. Take in sophomore-senior year.

### Discovery Tier Theme

- Requirement for most students (except external Transfers bringing in 24 or more credits)
- Five Themes: Select a Humanities course, a Natural Science and Math course, a Social Sciences course and an elective from the same theme.
- Must declare a theme in order to have course boxes populate your Graduation Checklist.
- [Declare on CheckMarq](#) by the time you reach 60 completed credits.
- Can share credits for all 4 courses when possible with Business Core, Business Major and non-business minors; in addition to sharing with WRIT and ESSV2 requirements when possible. Courses do NOT share with Non-Business Electives.
- Do research to understand which theme is best for you: Marquette Bulletin link is at the bottom of the page.
  - Do you have AP/Transfer courses in a theme?
  - Are you an internal transfer student and your previous courses can help when in a theme?
  - Are you trying for a non-business major/minor? Look for more shared options.
  - Are you trying to be strategic with sharing business courses? Use this chart on the next page to help.

**Students who started before Fall 2025:** If you take a business course in your theme that shares to the business core or business major, you can reduce overall credits by 3 credits (1 course). You can do this 2 times = 6 credits maximum.

### WRIT (Writing Intensive) Course & ESSV2 (Engaging Social Systems and Values 2) Course

- You should complete courses in our Discovery Tier Theme, Business Core, Business Major, Non-Business Minor, or non-business/general elective options. Credits will share if you find a course in an existing requirement.
- Sometimes you can find a course that is both WRIT and ESSV2.
