

# SECOND YEAR PLANNING WORKSHEET

Highlight or circle which courses you are planning to target. Use page 2 to understand Business Core Curriculum flow and prerequisites. Also visit these websites: [Advising Central](#) & [Marquette Bulletin](#).

**Assumptions:** If any of the following courses are not complete or in-progress, they should be a priority in fall or over the summer.

**Marquette Core Curriculum:** ENGL 1001/HOPR 1955H, THEO 1001/THEO 1001H, PHIL 1001/PHIL 1001H, ESSV1 course (non-Honors)/CORE 1929H

**Business Core:** MATH 1400, ACCO 1030, ACCO 1031 (prereq: ACCO 1030), BUAD 1001, BUAD 1560 (prereq: MATH 1400), ECON 1103

THEN....

## Second Year Course Considerations & Recommendations: *Where do you fit?* 15-17 credits per semester

**ECON 1104:** Macroeconomics (3 cr.) *priority to finish before end of sophomore year*

**BUAD 1560:** Business Statistics *if not complete* (3 cr. changed from 4 to 3 cr. as of Fall 2025) *must complete before FINA 3001, priority before other 3001-business courses*

### Other Business Core:

- **LEAD 2000:** Foundations for Academic and Career Success (1 cr.) *either semester sophomore year*
- **3001-Level Business Core you meet prerequisites for** (next page) 1-3 per semester depending on other courses: FINA 3001, INSY 3001 (ACCO 4050 if ACCO major), MANA 3001, MARK 3001, OSCM 3001
- **ACCO majors** aim for ACCO 3001 in fall
- **Can select your Core Enhancement Structured Elective** of ENTP 3001, HURE 3001 or REAL 3001 (prioritize one of these if interested in declaring one of these as a major)

### Non-Business Courses:

- **MCC Foundations Course:** Any remaining, likely CORE 1929/HOPR 2956H or ESSV1 (choices on Marquette Bulletin) (3 cr. each) *all satisfied by end of sophomore year*
- **CMST 2300:** Business Communication (2 cr.) or COMM 1100 (3 cr.) *either semester sophomore year*
- **Discovery Tier Theme Course(s)** (3 cr.) *declared on CheckMarq by end of sophomore year. Watch videos about Discovery Tier on [Advising Central](#), look at all options on the [Marquette Bulletin](#), and take a quick peek at the [Business Course Chart for Discovery Tier Themes, Writing Intensive and ESSV2 courses](#).*
- **Non-Business Elective(s)** any course outside of business that you meet prerequisites for.

- STRONGLY SUGGESTED: Your fall sophomore year schedule should include 1-3 non-business courses from Marquette Core Foundations, Discovery Tier Theme, CMST 2300/COMM 1100, and/or Non-Business Electives (*Accounting majors have 12 cr. required / Non-Accounting majors have 18 cr. required*).
- If you brought in additional credits from AP or dual enrollment you may be off the typical plan, if you are ahead look to your Graduation Checklist or Advising Central for ideas (*Major courses, Ethics requirement, Discovery Tier options*).

How many total credits are you targeting? \_\_\_\_\_ (15-18 cr.)

Are you thinking of Summer or J-Session (winter) course options? Y/N

*Think about cost and rigor of shorter online courses.*

*If summer, are you thinking at Marquette or elsewhere? If elsewhere refer to "[Transfer Central](#)" website for more information on process for equivalent courses. MU Business requires business and MATH 1400 to be taken at MU.*
